How far do you want to go with your music?

What kind of music do you want to play?

What are your creative inclinations?

Got rhythm?

If the piano is your thing, Yamaha has a range of compact piano-oriented instruments that have amazingly realistic sound and wonderfully expressive playability—just like having a real piano in your house, with a fraction of the space.

We've got Digital Keyboards of all types to help players of every stripe achieve their full potential. Whether you're just starting out or are an experienced expert, our instrument lineup provides just what you need to get your creative juices flowing.

If drums and percussion are your strong forte, our Digital Percussion unit gives you exceptionally dynamic and realistic sounds, letting you pound out your own beats—in live performance, in rehearsal, or in recording.

**Sweet! These acoustic instrument sounds also benefit from Yamaha’s sophisticated technology – and feature a sound so finely detailed and natural, you’ll swear you’re playing the real thing!**
***Cool! These voices capture the dynamic textures and subtle nuances of electric instruments – thanks to a huge amount of memory and some very sophisticated programming.***
****Live! These acoustic instrument sounds were sampled in stereo, to produce a truly authentic, rich sound – full of atmosphere and ambiance.***
What kind of music do you want to play?

SLIM, LIGHT, COMPACT

I really want to play the piano—and now, here’s an instrument that’s ideal. The NP-30 truly satisfies my desire for a quality piano-like instrument that is light and stylish, and easy to carry, too.

NP-30
76-key piano-style keyboard
Exceptionally realistic piano sound with AWM Stereo Sampling technology
Slim, light, compact design
10 voice demos, 10 piano songs
Graded Soft Touch Keyboard
Full 32-note maximum simultaneous polyphony
16-part multi-timbral operation
4 types of Reverb effect
A wealth of realistic sounds, dynamic styles, and sophisticated music-making features

YPG-235
76-key piano-style touch sensitive keyboard
Rich piano sounds and realistic instrument Voices
160 wide variety preset accompaniment styles and 1 User Style File
Super-expressive Sweet! and Cool! Voices *
Built-in USB TO HOST terminal allows quick and easy computer connection
Music Database: 300 song titles for quick keyboard setups
and more

YPG-535
Natural response and realistic piano sound with wide variety of sounds and advanced functions

88-key piano-style touch sensitive keyboard
Rich piano sounds and realistic instrument Voices
160 wide variety preset accompaniment styles and 1 User Style File
Authentic, super-expressive Sweet!, Cool! and Live! Voices,
plus full XGlite sound set *
Music Database: 300 song titles for quick keyboard setups
USB TO DEVICE terminal for data storage and more

Data Storage

Flash Memory

Flash memory is built into the instrument itself, letting you store the song data you've downloaded from the Internet. The stored songs are always available for immediate loading and playback, since the data remains in the instrument even when the power is turned off.

USB Connection

There are two different types of USB terminal.

USB TO HOST

Connect a computer to the USB TO HOST terminal for data transfer and MIDI recording between the instrument and the computer.

USB TO DEVICE

Connect a USB storage device to this terminal for saving and loading your important data.

Accessories

- PA-130 POWER ADAPTOR
- PA-150 POWER ADAPTOR
- UX16 USB-MIDI Interface
- FC4 FOOT SWITCH

Welcome to the world of automatic accompaniment!

Yamaha’s Music Finder+ introduces a great new way to enjoy music.

What is Music Finder+?

When you want to play a tune, are you ever confused about which musical style to choose or what sounds to select? At times like this, Yamaha’s Music Finder+ feature supports your renditions with powerful functions. And now, Yamaha is introducing Music Finder—a new, advanced version of its highly acclaimed Music Finder—with astonishing new capabilities delivered directly to your instrument using Yamaha’s Internet Direct Connection (IDC). Music Finder+ incorporates the functions of Music Finder, plus these new features:

Free additional online Music Finder

1. Records
2. Collections
3. Performance Guides

Plus, the new service allows you to update your instruments Music Finder library with real name song titles.

Enhance, Expand and Update Your Instrument!

We’ve got just what you need to bring your instrument fully up-to-date and enhance and expand its capabilities. Check out this chart of recommended add-on services designed specifically for your particular instrument.

Our Recommendations

Digital Music Notebook is a multimedia Internet service that enables you to preview, purchase, download and print learn-to-play music books and sheet music. From scales to chords to your favorite riffs, Digital Music Notebook is packed with everything you need to master your instrument. Add accompaniments, record and mix yourself, sing karaoke with friends, learn new techniques— Digital Music Notebook delivers everything you need to bring music alive!

Online Services

What can you do with your music? Visit us online at services.music.yamaha.com, and see just how far you can expand your musical horizons. Play, Learn, Listen—and take your music to the next level!

Play with Sheet Music

We’ve taken sheet music to a whole new level with tools to help you learn your favorite songs using your instrument.

Play Along with Styles

Need a backup band? Download one to your instrument. Great as an accompaniment for songs and fun to jam with.

Play Along with Songs

Everything you need to create amazing performances.

Learn

You’ll be playing like a pro before you know it with our in-depth lessons.

Listen to Radio

Great for entertaining or just relaxing at home! Get 24-hour access to multiple channels of high quality piano music.

Listen to Songs

Hear your favorite songs and albums played perfectly through the high quality sounds of your Yamaha instrument.

Visit us online at services.music.yamaha.com, and see just how far you can expand your musical horizons. Play, Learn, Listen—and take your music to the next level!
