* Core operating profit corresponds to operating income under Japanese GAAP and is calculated by subtracting selling, general and administrative expenses from gross profit.

2. Reason for Revision

Although the high uncertainty remains concerning the impact of the COVID-19 pandemic to our Group, considering the recovery in market conditions and the elimination of supply shortages from our Group factories are progressing better than expected, the Company has revised its forecasts upward as follows: full year consolidated revenue ¥370 billion, core operating profit ¥35 billion, operating profit ¥33 billion, profit before income taxes ¥33.5 billion, and profit for the period attributable to owners of parent ¥24 billion.

Consolidated financial forecasts were prepared based on information available at the time of the announcement and do not represent promises by the Company or its management that these performance figures will be attained. Actual consolidated results may differ from forecasts owing to a wide range of factors.
